- ☐ A lot of the parents/carers that collect their children are not socially distancing or adhering to the direction and guidance that has been laid out for everyone's safety. This behaviour makes me very angry and frustrated as their actions are selfish and ignorant of the need for all of us to take some responsibility in keeping others safe.

- ☐ You have all been absolutely brilliant and I am so happy Daniel is back at school now as he really needed some routine and normality back in his life, and the school helps so much. He enjoys every single day at school and has so much fun, he doesn't even realise he is learning whilst playing! Keep up the brilliant work and stay fabulous!!!

- ☐ Following an unnecessary isolation for Yr 5 and not able to return to school due to no teaching staff can I ask why supply cover was not brought in on this occasion. Also, following isolation and home learning I would like for his work to be marked upon return. Is this something that could happen or there a reason behind it? Eatock are doing an amazing job under the circumstances. thank you

- ☐ Eatock School have been an example to all schools in their calm and efficient manner in handling the outbreak. All children have been put first and their wellbeing made priority which has made a smooth transition back into school. Thank you for all your hard work it's very much appreciated

- ☐ The staggered times shouldn't have been changed. The car park gets very clogged with foot traffic and no one adheres to staying on one side for going in and the other for going out. Parents are still also blocking the pavements and the entrance gates to chat.

- ☐ We feel the school has responded really well to the current situation and supported both parents and child well. Offered lots of communication and responded to feedback. The only issue we experienced is more from following parents and carers not adhering to the school instructions especially around school drop off time not following government guidelines with distance.

- ☐ Even though it's a one way system for lower aged children, I've seen parents walk from nursery back through the nursery gates On many occasions , there doesn't appear to be any one at that side to man this. Always seems to be the same parents. And maybe if parents were encouraged to wear masks to drop off and pick ups. Never received any corrosion ever back in relation to my worries over FUNDA. Also parents not made aware that our school has a martial arts class that the children and/or parents could enroll in

<input type="checkbox"/>	The reception teacher was rude upon drop off one morning a couple of weeks ago. I appreciate Covid measures are in place but to stand there ignoring a parent when they are trying to pass on a vital piece of information on the for the teacher for a child who is anxious about school is disgusting and then to interrupt them when they do speak telling them to email is rude. Social distancing was being adhered to. Covid should not stop teachers having common decency. They should bet setting a good example to The children. This left the grand parent feeling be littled in front of other parents which is not right.	10/13/2020 12:00 PM	<a href="#">View respondent's answers</a>	<a href="#">Add tags ▼</a>

<input type="checkbox"/>	The school has been brilliant in terms of communication with regards to Opening with covid. I appreciate it's been tricky to get the right balance of school opening times etc but the only one criticism I have is school entry. At the start of term the gates to enter early years Playground were open prior to the 8.50 start time. I thought this was really well managed and felt I could socially distance from other parents. However, recently the gates haven't opened until 8.50 and therefore created quite a large queue of people trying to get down the narrow path. This lead to a bottle neck especially with parents trying to get past the queue of parents at reception/nursery. I have found myself entering the gates later and later to try and avoid this. I would ask the school that they consider reopening the gates prior to 8.50 to allow for a much lighter flow of parents/pupils rather than everyone entering at once. (I note it has been open the past two mornings so please ignore this message if this has now been addressed)	10/13/2020 11:54 AM	<a href="#">View respondent's answers</a>	<a href="#">Add tags ▼</a>

<input type="checkbox"/>	I would like to see communication and links with my child's teacher improved. Covid has made it difficult to build any form of rapport and I have had to email the office just to find out if my child is happy and making friends. I wanted to know this as after starting Preschool, he suddenly became very nervous and anxious in social situations - this is not the normal behaviour of my child as he is extremely sociable and March's lockdown impacted him greatly as he couldn't see people. I am constantly questioning and hoping that I have made the right decision taking him out of the nursery he has been at since he was a baby and placing him at Eatock - a little reassurance for a parent goes a long way.	10/13/2020 11:35 AM	<a href="#">View respondent's answers</a>	<a href="#">Add tags ▼</a>
