

Appendix 2: Staff (and Volunteer) Acceptable Use Policy Agreement

New technologies have become integral to the lives of children and young people in today's society, both within schools and in their lives outside school. The Internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. They also bring opportunities for staff to be more creative and productive in their work. All users should have an entitlement to safe Internet access at all times.

This Acceptable Use Policy is intended to ensure:

- staff and volunteers will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- school ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- staff are protected from potential risk in their use of ICT in their everyday work.

The school will try to ensure that staff and volunteers have good access to ICT to enhance their work, to enhance learning opportunities for pupils' learning and will, in return, expect staff and volunteers to agree to be responsible users.

Acceptable Use Policy Agreement

I understand that I must use school ICT systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the ICT systems and other users. I recognise the value of the use of ICT for enhancing learning and will ensure that pupils receive opportunities to gain from the use of ICT. I will, where possible, educate the pupils in my care in the safe use of ICT and embed online safety in my work.

For my professional and personal safety:

- I understand that the school will monitor my use of the ICT systems, email and other digital communications.
- I understand that the rules set out in this agreement also apply to use of school ICT systems (e.g. laptops, iPods, email etc.) out of school, and to the transfer of personal data (digital or paper based) out of school. Refer to actions and sanctions of inappropriate use within the Online Safety Policy.
- I understand that the school ICT systems are primarily intended for educational use and that I will only use the systems for personal or recreational use within the policies and rules set down by the school.

To ensure safe and secure access to technologies and ensure the smooth running of the school:

- When I use my mobile devices (PDAs / laptops / mobile phones / USB devices etc.) in school, I will follow the rules set out in this agreement, in the same way as if I was using school equipment. I will also follow any additional rules set by the school about such use. I will ensure that any such devices are protected by up to date anti-virus software and are free from viruses. Refer to BYOD section of the School's Online Safety Policy.

When using the Internet in my professional capacity or for school sanctioned personal use:

- I will ensure that I have permission to use the original work of others in my own work.

I have read and understand the above and agree to use the school ICT systems (both in and out of school) and my own devices (in school and when carrying out communications related to the school) within these guidelines.
